

JOIN BOLDMERE GOLF CLUB

Guidance to membership

Boldmere is a friendly local club open to all, with an aim to help you meet people, to play golf in competitions, and recreationally, enabling you to submit scores and hopefully improve your game.

The World Handicapping system enables you to play golf and record scores throughout the UK and abroad. To do that you need to join a club and obtain a CDH card which is proof of your handicap and links to your handicap record, giving you a formal Handicap Index / Handicap.

Members scores can also be input from all individual rounds of golf at any golf course provided that;

- 1) You ensure another person is present during the round
- 2) Play to the rules of golf on an official measured course
- 3) Your score is attested by a fellow Central Database of Handicap (CDH) card holder
